1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer of the Company that is the subject of this pending proceeding. The Company is making great profit and the stock holders are in position for large returns. The average South Carolina resident could use a break. To the Company involved in remember the same residents that are getting this increase also paid for those power plants.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

We all know electrical power is a valuable core of the American way of living up to it's full potential as the world greatest power. The importance of this power source really can not be put into words as long as it remains affordable. Oil companies are already ripping this country so bad all common folks are not making their ends meet. Oil and Electric companies hold America's future in their hands. Back off Big Energy, give America a fighting chance. Remember, the poor you will have with you always.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
(This section should be completed.)

As far as making a appearance at a hearing in this proceeding it might be possible if I can work the timing of the proceeding at a time I can attend.
